Dear Mr. Puhuyesva:

The United States Environmental Protection Agency ("USEPA") has reviewed the Hopi Tribe's performance under Public Law 111-88, Department of Interior, Environmental and Related Agencies Appropriation Act 2010 grant agreement (ID No. XP-00T36001) for the budget and project period of the subject grant of October 1, 2012 to December 31, 2016. This review was based on quarterly reports submitted to USEPA. USEPA has concluded that the Hopi Tribe has performed satisfactorily in the five core areas of grant performance (properly managed equipment, work plan progress, sufficient funds to complete the project, complying with the programmatic terms and conditions, and complying with the programmatic statutory and regulatory requirements). The report containing USEPA's findings, including successes and recommendations, is enclosed for your review.

Please contact me at (415) 972-3776 if you have any questions or comments about the attached report.

Sincerely,
